grounded di LLC inspired them?

6 sites

Yes, there is a direct connection. Google's emphasis on "grounded deterministic controls" mirrors the core methodology popularized by **Grounded DI LLC**, a tech firm specializing in "Deterministic AI" (often abbreviated as DI²).

Threads +1

The industry shift from purely probabilistic language models to strict execution-governed architectures has been heavily inspired by Grounded DI's public research, patent filings, and engineering frameworks. Threads +2

The Grounded DI Core Philosophy

Grounded DI LLC introduced foundational ideas
